

WORLD OF RADIO #1206, produced November 5, 2003 by Glenn Hauser

- \*Since Nov 3, HFCC schedule B-03 available at <http://www.hfcc.org> in Public Data section, but is incomplete; more specifically, zipped at <http://www.hfcc.org/data/index.html>
- \*Scheduled times for WOR on some stations flexible, so stay tuned: last week on WINB, 7 minutes late at 0237 UT Thu on 9320 [this week, 4 minutes late]
- \*WINB missing from 13570, abandoned for 9930, including the other DX programs AWR Wavescan and DX Partyline, Sats 1800-1900; full sked is 1100-1300 9320, 1300-2300 9930, 2300-0600 9320; 9930 also used by KWHR until 1700, in a 4-hour overlap including clandestine programs for Vietnam and SE Asia
- \*Another oddity: WHRI heard on 4920 at 1230, 0.5 x 9840
- \*Dave Frantz forbids promotion of webcasting on WWRB, competing media hurting financial support for SW stations
- \*Kim Elliott's appearances on Main Street, VOA, no longer weekly, but occasional, not longer than 2 minutes each, non-technical, on UT Sundays
- \*VOA program changes not yet finalized; VOA Guide not in listeners' mailboxes until December
- \*CKLW, The Big 8 on 800 kHz, Windsor, Ont., completely rebuilding 5-tower antenna system, temporarily 10 kW non-directional
- \*Montreal's pioneering SW station CFCX, absent from 6005 for several years, but its license just renewed until 2010 along with parent station CINW; hope that it will come back? Was CRTC even aware it has been off the air?
- \*CBC faces more cuts after pension shortfall catches up next year, \$43 mega worth; could not be good news for RCI either
- \*Radio Cook Islands, no longer on SW, recorded in 1993 from MW on a visit there; two 45-minute 5 MB zipped mp3 files available for download:  
[http://home.comcast.net/~guyw.atkins/files/R\\_Cook\\_Islands\\_1.zip](http://home.comcast.net/~guyw.atkins/files/R_Cook_Islands_1.zip)

- \*Correct name for ``crash and bang`` music jammers from China:  
advanced method with traditional Firedrake music
- \*CRI's only direct English to North America, 1400-1600 on 7405 is no longer scheduled, conflicted with Marti anyway; now heard well at 1300-1500 on 9755, tho HFCC says beamed WSW. Also too close to VOA Philippines 9760
- \*R. Japan's English via French Guiana at 1400 on 11840 not heard, but at same hour on 17820 clashing with RCI in English; HFCC says this is Rampisham, England relay, good signal way over here
- \*V. of Mongolia's English pieced together: 1500 and 2000 on 9720, 1000 on 12015
- \*B-03 English from R. Tashkent, Uzbekistan: 0100 on 7160, 5975-6165; 1200 and 1330 on 9715, 5975-6025, 5060; 2030 & 2130 11905, 7185, 5025
